HWRUFC is a classless, family orientated club that has played national league rugby in recent years and is the current County Champion of Buckinghamshire. The Club was founded in 1929 and is thus about to celebrate its 80th year.

We field 4 senior sides and have a Youth Section (minis/juniors/colts) with more than 300 names registered – and many more local parents in support.

Our Vice Presidents and non playing members number in excess of 280 and they provide a good deal of backing to the club.

We enjoy strong connections with both London Wasps and the Royal Grammar School High Wycombe ('RGS') – one of England's leading rugby schools.

Our roots in the community are strong - and are growing.
